Please see the following responsive to your request:

1. Ms. Springs is not an NCDPI employee.
2. This data is not available until the end of the academic year.
3. There isn't a specific code to report sextortion/revenge porn. Here are multiple of the 16 reportable crimes and other reportable behaviors that the incident might be reported as depending on what occurred.
4. In State Board of Education (SBE) Policy SSCH-000, the SBE lists offenses that occur on 1) school property or 2) off school property on a school-sponsored field trip that must be reported to NCDPI within five school days. School property is defined as "any public school building, bus, public school campus, grounds, recreational area, athletic field in the charge of the principal". PowerSchool is the system designated by NCDPI to record disciplinary incidents and uses of seclusion and restraint as part of the Uniform Education Reporting System (UERS).
5. Data for the 2023-2024 school year is not available. Data on the Reportable Crimes, in spreadsheet format, can be found here.
6. NCDPI IABS Regional Consultants are members of the Regional Support Team. Technical assistance is provided based on the needs identified in the region as a result of various data sources and requests made from the public school units. The overall goal of the support provided is district and school improvement.

Thank you for your patience.

Sincerely,
